Enjoy a new natural gas appliance and don't pay for One Year.

Whether you're looking to replace an aging gas furnace, upgrade your barbecue, or add a central air conditioning system to your home, we know new appliance purchases are a big investment. But with Kitchener UTILITIES don't pay for a year financing – now available anytime – those purchases don't have to be a big burden.

This program is available to Kitchener residents* when purchasing a central air conditioner or natural gas fireplace, furnace, boiler, barbecue, or pool heater through a Kitchener UTILITIES Authorized Dealer.

*Subject to credit approval. For more information, call Kitchener UTILITIES at 705-844-6666 and press "9" or visit us on the Web at www.kitchenerutilities.ca
*You must have a natural gas furnace in quality.

30th Anniversary NORTH AMERICAN INTERNATIONAL MOTORCYCLE SUPERSHOW 2006
JANUARY 6-7-8
Toronto International Centre

Motorcycle riding is not just a hobby, it's a lifestyle. Most riders don't just wear their motorcycle during the winter and forget about it until the spring. Instead, it's an integral part of their lives. They plan, repair and maintain the bike so that when the first signs of spring appear, they just hop on and ride. With the arrival of the first warm days, they'll be out on the road, enjoying the freedom, speed and camaraderie of motorcycle riding.

Motorcycle shows are held all over the world, but the North American International Motorcycle Supershow is the largest and most exciting. It's the only show of its kind in the world, and it's the only show that celebrates 30 years of everything in motorcycling.

What makes this show so exciting and successful is a mix of retail, entertainment and education. For the budget-conscious, there's the "Buy It Here" program, which offers a range of motorcycle accessories at a discount. For the enthusiast, there's the "Show It Off" contest, where riders can win prizes for their bikes. And for the collector, there's the "Bike Show" exhibit, where you can see some of the most rare and valuable motorcycles in the world.

The show is open from 10:00 am to 10:00 pm on Friday and Saturday, and from 10:00 am to 9:00 pm on Sunday. Admission is free, but there is a charge for parking. The show is held at the Toronto International Centre, which is a large, modern convention center with a lot of space for exhibits and displays.

The show is a great place to see the latest in motorcycle technology and gear. You can see all the latest bikes, from the new Harley-Davidson Road King to the new Honda Gold Wing. You can also see a lot of other interesting things, like custom bikes, rare bikes, and even a live performance by a rock band.

There are also a lot of other things to do at the show. You can take a ride on a motorcycle, or you can just sit back and enjoy the show. There are also a lot of food and drink options available, so you can enjoy the show in comfort.
